

TAKE A LOOK
INSIDE
RESOLUTE LABS

*State-of-the-art product testing facility for
Fire, Acoustics & Smoke (Air-leakage)*

The background of the slide is a grayscale photograph of an industrial testing facility. It features large, vertical cylindrical vessels, possibly autoclaves or pressure chambers, with various pipes, valves, and structural supports. The lighting is dramatic, with strong highlights and deep shadows, emphasizing the metallic textures and complex engineering of the equipment.

Who are we

We are Resolute Testing Labs

Resolute Testing Laboratories is a totally independent Research & Development organisation, offering specialist testing services for manufacturers, engineers and designers.

Quality R&D Testing Facility

What we do

Services

Resolute Laboratories Pty Ltd provides acoustic, fire resistance and air leakage testing as its fundamental service. We undertake R&D testing in accordance with a range of Australian and International Test Standards, including (but not limited to):

ACOUSTICS

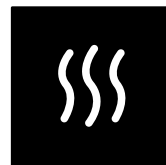

AS1191
ISO 140.3
BS EN ISO 10140

FIRE

AS1530 Part 4
AS4072 Part 1
AS1905 Part 1
BS476 Part 20 to 24

SMOKE

AS1530 Part7
AS6905

We also welcome the opportunity to discuss any additional testing requirements, be it physical testing or comparative testing

Why Resolute?

We test as engineers but we act like business people. So we make testing accessible, affordable and accelerated, to speed your time to market and give you a commercial edge. That's just the beginning of how we're different from other testing alternatives.

Trusted Performance

At Resolute Testing Laboratories we are proud to provide comprehensive professional guidance to help you achieve the best possible results. We respect our clients' confidentiality and have a trusted, flexible and proactive way of dealing with them.
